Round Three of GSV Sport Shakes Things Up

After three rounds of Senior Sport in the Girls Sport Victoria competition a number of schools are already showing signs of dominance.

Genazzano is undefeated in Senior Netball across all four grades in its zone and Strathcona, who shares the zone, is undefeated across three grades. The zone premiership looks likely to be decided when they meet each other next week.

In other GSV Netball zones, the competition is evenly matched. One zone has four teams all vying for premiership points! Traditional rival Star of the Sea is waiting to play a rescheduled match from round one which will determine whether Firbank, Lauriston or St Catherine's can snatch the zone premiership from them.

The Hockey competition is also giving some schools the opportunity to showcase their talents. Lauriston is undefeated in its zone with Camberwell having lost just one match. Similarly, Ruyton remains undefeated with St Catherine's also having lost just one match.

In its zone, PLC is undefeated with nearest rival Melbourne ruing a drawn match in round one. Strathcona and Genazzano are on equal points having won two matches each and drawing to each other this week.

The last two weeks of competition before the semi finals and finals should prove interesting at GSV!

Ends
